Exercises and Answers

Ed Scheinerman

Contents

Chapter 1

Welcome

This is a small working example of how to include exercises and answers in a LaTeX book.

1.1   Arithmetic

This first section concerns basic arithmetic.

Exercises

1.1 How much is $2 + 2$?

1.2 This problem has no answer.

1.3 How much is 3×3?

Chapter 2

More Stuff

Hello again.

2.1 What do you know?

Not much, you?

Exercises

2.1 What is the air speed velocity of an unladen swallow?

Answers

Chapter 1

1.1 This one is is easy: $2 + 2 = 4$.

1.3 This one is more difficult: $3 \times 3 = 9$.

Chapter 2

2.1 42.
